within the Ipswich

..... community .....

## About Us

Swich On Inc. was established in November 2011 by a number of local Ipswich businessmen. Swich On is an incorporated association with the primary objectives of promoting awareness of men's related issues and raising money for men's related causes.

Swich On seeks to deliver a number of fundraising activities throughout the year to fulfil these objectives and provide an opportunity for members to enjoy social events and the company of like-minded individuals. Although the organisation is in its infancy it has already gained significant support and a growing membership.

Support from local businesses has assisted Swich On to grow and ultimately the group is hoping to

promote Ipswich, its people and to raise significant funds for particular charities.

## Our Patron

We are proud that Cr. Paul Pisasale, Mayor of Ipswich is the patron of Swich On.

Councillor Paul Pisasale was elected Deputy Mayor from April 2000 and has been Mayor of the City of Ipswich since March 2004, currently serving his third term. Born and raised in Ipswich, Paul is passionate about ensuring the success and longevity of the city. Since inception, Paul has been a keen advocate of Swich On and actively supported the organisation's objectives.

Patron since November 2011.
